Policy Objectives

- To prevent bullying through the creation of a safe learning environment where all are encouraged to reach their emotional, spiritual and intellectual potential through classroom activities and beyond.
- To provide guidelines to OLMC community members for dealing with bullying should it occur in order to minimise harm and prevent reoccurrence.

Policy Statement

- OLMC is committed to providing a safe, caring and supportive school culture that promotes positive relationships and reflects Gospel teachings. All staff, students and parents/carers contribute to the prevention of bullying by modelling and promoting appropriate behaviour and respectful relationships.
- There are expectations on each person to seek to maintain positive relationships with one another and to resolve conflict in a respectful and dignified manner.
- Bullying and cyberbullying disregard core values of the Catholic faith including dignity, respect, justice, equity, compassion, trust and courage. Bullying, including cyberbullying, can adversely affect the wellbeing of students and is therefore unacceptable and requires a steadfast ‘No Tolerance’.
- All members of the OLMC community share a joint responsibility to identify and address bullying behaviour.
- At OLMC we embrace a whole school collaborative approach as we believe that an anti-bullying policy is everyone’s responsibility. Students, parents/carers, school staff and other community members have a shared responsibility to create a safe, caring and supportive environment where bullying has no place.
- Complaints concerning bullying will be responded to and investigated in a timely manner that respects the dignity and the privacy of those involved, whilst observing due process and procedural fairness. The College will inform students and their families of the allegations against the student, giving them the right to be heard and ensure that the decision making process is fair and reasonable, based on relevant evidence.

Definitions

Bullying is repeated verbal, physical, social, psychological or cyberbullying behaviour that is harmful, and involves the misuse of power by an individual or group towards one or more persons. It can involve humiliation, domination, intimidation, victimisation and all forms of harassment including that based on sex, race, disability, sexual orientation or practice of religion. In any bullying incident there are likely to be three parties involved: the bully, the person being bullied, and bystanders.

Bullying can be but is not limited to:
- **Verbal** e.g. name calling, teasing, making racist remarks and jokes, abuse, putdowns, sarcasm, insults, and threats;
- **Physical** e.g. hitting, punching, kicking, scratching, tripping, obstructing, spitting;
- **Social** e.g. ignoring, excluding, ostracizing, alienating, making inappropriate gestures, stealing friends, gossiping, criticizing;
- **Psychological** e.g. spreading rumours, whispering, dirty looks, hiding or damaging possessions, malicious SMS and email messages, inappropriate use of computer or phone camera or videos; and
- **Cyberbullying**

Cyberbullying involves the use of any information communication technology by an individual or group to carry out deliberate, isolated or repeatedly hostile behaviour that is intended to harm others, or is undertaken recklessly without concern for its impact on others. In certain circumstances Cyberbullying can be a single event.

- For the purpose of this policy cyberbullying can include but is not limited to:
  - Sending harassing, threatening or menacing messages to targets either directly or anonymously or;
  - Using another person’s address or alias via email;
  - Harassing and heated arguments via Instant Messaging;
  - Anonymously writing anything (true or untrue), creating and adding cruel entries in a worldwide form via Chat Rooms;
  - Mocking, teasing and harassing and posting visuals that can be altered via websites/social sites;
  - Masquerading as another by using their mobile phone or computer to send harassing or threatening messages via SMS; and
  - Acts of cyberbullying are prohibited during and after school hours against:
    - the students at this College or other schools
    - the staff at this College or other schools
    - the College itself.

N.B. Many acts of cyberbullying are Criminal Offences and carry fines and punishment and will be reported to Police.

Students’ responsibilities are outlined in the Student Internet and Digital Technology Policy and Procedures, which can be accessed in the Student College Diary. Parents are advised to visit the Office of the eSafety Commissioner at www.esafety.gov.au for additional information on cyberbullying and tips for keeping your daughter safe online.

- Bullying is not conflicts or fights between equals and single incidents are not defined as bullying. Bullying behaviour is not:
  - Students not getting along well;
  - A situation of mutual conflict; and
  - Single episodes of nastiness or random acts of aggression or intimidation including single incidents of loss of temper, shouting or swearing do not normally constitute bullying.

Strategies to Prevent Bullying

The following initiatives form part of our overall bullying prevention strategy and our strategy to create a ‘no bullying’ culture within the College:

- Promote the development of positive relationships across the College: Pastoral Care lessons, House System, camps, retreats, Peer Support, Big Sister/Little Sister program, curricular activities, Year 10 Wellbeing Conversations;
• Involve and inform the whole school community of the policy and procedure: whole school assemblies, Pastoral Care lessons, and Year Group meetings and class where necessary;
• Education, training and professional development of staff in bullying prevention and response strategies;
• A structured Pastoral Care Program and peer group support system, that provides age appropriate information and skills relating to bullying (including cyberbullying) and bullying prevention, to students over the course of the academic year;
• Promotion of responsible bystander behaviour amongst students, staff and parents/carers;
• Provide counselling and support for parties involved in bullying;
• Provides the school with a set of guidelines, which are readily accessible to all when action is necessary: College Diary, staff portal, College website;
• Records of reported bullying incidents are maintained and analysed, in order to identify persistent bullies and/or victims and to implement targeted prevention strategies where appropriate;
• Anti-bullying posters are displayed strategically within the College;
• Reporting of incidents of alleged bullying by students, bystanders, parents/carers and staff are encouraged, and made easy through the establishment of multiple reporting channels (as specified below);
• Regular provision of information to parents/carers, to raise awareness of bullying as a College community issue to equip them to recognise signs of bullying, as well as to provide them with clear paths for raising any concerns they may have relating to bullying directly with the College; and
• Promotion of student awareness and a “no bullying” environment by participating in events such as the National Day of Action Against Bullying and Violence.

OLMC recognises that the implementation of whole college prevention strategies is the most effective way of eliminating, or at least minimising incidents of bullying within our community.
